7. There does not seem to be a general order attaching house rent to the office in question; but long tradition from 1898 supports the claim. The position of the District Medical Officer of Mysore has not substantially changed with respect to this claim by reason of the special arrangement made in connection with the General Hospital, Mysore. His touch with this institution is still maintained though to a limited degree; while Mysore continues to be his head-quarters and he possesses direct control & supervision over H.H. the Maharanee's Hospital and the several local dispensaries.
